Interested in learning about architecture and design?

Join The Miller Hull Partnership for the 2021 Open Studio Internship: an introduction to architecture and design for an under-resourced student who has completed 11th or 12th grade. Learn about the architectural profession, connect with people in design and discover how architecture shapes and engages our world.

COVID-19:

Currently, our office is closed due to Covid-19, but we are optimistic that we will be able to work in person with the selected intern this summer. Once all applications have been received, we will determine if the Open Studio Internship can occur in our office space or will be remote/on-line.

In 2021, we are requiring our student intern to be 16 years old, and eligible for Covid-19 vaccination. You will be required to show proof of Covid-19 vaccination prior to beginning the Open Studio internship. We encourage you to have obtained your full vaccination before Open Studio begins in August, which will require you obtain your first dose before mid-July 2021.

We will work with the selected intern to determine safe activities which can be performed in adherence of the then current Washington State Department of Health protocols/guidelines for Covid-19.
